

Quick Start Guide:

Setting up your Wi-Fi and App

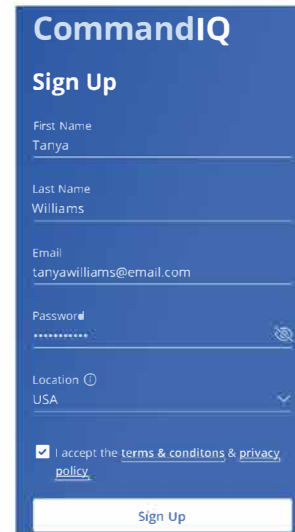

- 1 Download the app., You can search either the Apple App Store or Google Play Store for: "CommandIQ", then install it on your mobile device.

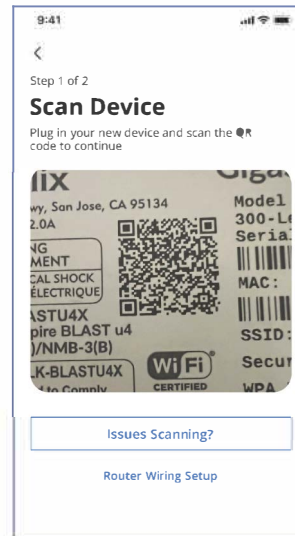

- 2 Select "SIGN UP" towards the bottom of the screen.

- 3 Enter your personal information. The password you enter here will be used to access the app.

- 4 If your system is plugged in and connected select "Yes" to continue.

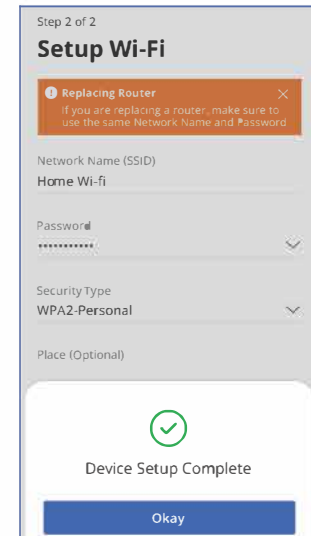

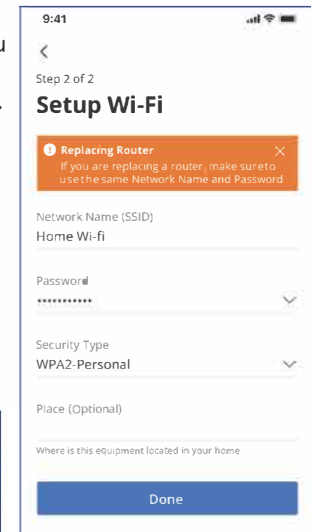

- 5 Tap the QR code that appears within the app. (You will be asked to allow the app to access your camera). Point your camera at the QR Code found on the bottom of your GigaSpire router or on the sticker that came in your box (example shown below). Select OK. After you select "Submit", you may be asked to enter your account number.

- 6 **Note:** If your system is already operating with Wi-Fi, tap the "Click here to skip" text.

Click Submit and you're all done!

Getting started with the App.

The App allows you to manage your home or small business Wi-Fi network. You can self-install and be managing your home or business within a few minutes. Download the app and start managing your home network today!

Parental controls and virus protection can also be enabled, call us for details on how to use specific features or check out our website! www.yourlocal.coop
