**Cover Photo by: Tina Kampschroer**

This picture was taken on January 3rd, 2021 when we woke up to a very snowy & frosty Sunday. I don't have a really neat story to go along with the photo so I can share a little bit about what I was thinking that day :). Sydnie and I are definitely more warmer weather beach type girls so we were probably telling each other something like brr, this weather stinks & we wish we were on a vacation someplace warm! However, it was also during COVID restrictions & social distancing, etc.. So it was also a time to slow down and remind ourselves how blessed we were for our family & health, and appreciating the little things like getting outside to enjoy nature. I was so happy to have Sydnie join me that day so we could chat and snap a few pictures along one of my favorite walking routes. I also remember standing underneath the willow tree (which is on the SE end of town) and looking up to soak in the beauty of it all.

## *Your Local Cooperative*

### **What is a Telephone Cooperative and what does it mean to be a Member?**

All subscribers to services from Spring Grove Communications are member-owners of the cooperative. Income from our operations is used to cover costs incurred while providing quality services and support. Once these costs and reinvestments in the cooperative are met, the Spring Grove Communications board of directors allocates the remaining money to the member-owners in the form of Capital Credits. The amount varies from year to year at the discretion of the board of directors. These Capital Credits payments help make our services an even better value.

As a member, you have the ability to be involved in the decision making process at Spring Grove Communications. Each year in March an annual meeting is held to elect new board of director members, recap the past years events and convey the direction for the upcoming year. If interested in serving on the board of directors you can contact our office for Section 4.3 of the Bylaws.

As your cooperative we strive to be a vital part of our community while providing the highest quality communication services and solutions to our members. We continue to stay on the forefront of the communication industry and provide the best of these emerging technologies to our members.

This institution is an equal opportunity provider and employer.

# Doing Business With Us

## Equipment For Sale Or Lease

We sell and lease different styles of telephones. We carry trim line, big button, Caller ID and cordless telephones.

### NEW SERVICE

Apply for new service by visiting our office at 166 W Main Street in Spring Grove. A credit check is required for new service and a deposit may be required. Cooperative membership, hook up and first month of service fees are required at time of hookup.

Being a member of the Cooperative, you earn capital credits on almost all services. For further information, please call our office at 507-498-3456.

### DISCONNECTING SERVICE

Please call our business office at 498-3456 to request disconnection of service and to make arrangements to return any leased equipment. We will need the following information:

- New Phone Number & Address
- Permanent Address For Capital Credit Checks

### SERVICE CHARGES

New Hook-up.....	\$25.00
Coop Membership .....	\$20.00
Location Move.....	\$25.00

per jack thereafter.....	\$25.00
Telephone Number Change .....	\$25.00
Billing or Directory Name Change .....	\$10.00

Please call for additional information or prices.

### MONTHLY ACCESS LINE CHARGE

Minnesota (507) 498-XXXX.....	Residential	\$22.57
Minnesota (507) 498-XXXX.....	Business	\$20.00
		(taxes and fees not included)
Iowa (563) 492-XXXX.....	Residential	\$22.57
Iowa (563) 492-XXXX.....	Business	\$20.00
		(taxes and fees not included)

### SMARTHUB

View and pay your bills on-line with SmartHub

#### To set up an account:

1. Obtain your account number. You can find your account number in the upper right corner of your bill. Don't have your bill? Call our office at 498-3456 and we'll get it for you.
2. Go to: <https://springgrove.smarthub.coop>
3. Click on NEW USER? Sign up to access our Self Service site.
4. Enter account number and last name on the account to start the registration process.
5. Simply follow the instructions on your screen.

#### Already have an account:

Go to: <https://springgrove.smarthub.coop>

# Fiber Service Battery Backup

## Backup Power for Residential Fiber Optic Voice Telephone Service During Power Outages:

For many years, your landline telephone would allow you to stay connected to emergency voice service during a power outage. However, your residential voice telephone service is provided using fiber optics rather than the traditional twisted pair copper based line. Spring Grove Communications' voice telephone service requires backup battery power to continue functioning during a power outage. **To avoid a disruption of home voice service during a power outage - and to maintain the ability to connect to 911 emergency service -- Spring Grove Communications provides you with a battery for backup power for your fiber optic voice telephone service at the time of the initial installation at no additional cost.**

## What Your Battery Can - and Can't - Do for You:

The backup battery for fiber optic voice service allows you to continue to use your voice service during a power outage. Without a backup battery or alternate backup power source such as a generator, customers with fiber service will not be able to make calls, including emergency calls to 911. The only way to maintain the ability to use your voice service is by using some form of backup power.

## Inability To Use Cordless Phones and Other Devices During A Power Outage:

If you have a cordless phone, it will not work during a power outage as your cordless phone requires power from an external power source like an electric outlet in your home. To use your cordless phone you would need to power the cordless phone with a backup generator or UPS (Uninterruptible Power Supply). In order to use your voice service during power outages, we suggest that you keep a corded phone on hand. Corded phones, unlike cordless phones, do not need a separate power source to operate.

**Spring Grove Communications' backup battery only provides backup power to fiber optic voice service; not intended for Internet, WiFi, or third party VoIP or other internet applications.** Devices that rely on voice service, such as home security systems, medical monitoring devices, TTY devices, and other equipment may be disrupted if there is an electrical power outage unless those devices are powered by an alternate power source such as a generator or UPS (Uninterruptible Power Supply). These type of alternate power sources are available from third party retail vendors.

## Expected Backup Battery Power Duration:

The backup battery included with your fiber optic voice service is expected to last up to 8 hours on standby power. The backup battery should give you approximately 4 to 6 hours of talk time. If you require a backup battery with a longer standby and talk time, please contact us. We offer batteries with up to a 24-hour standby time.

## Instructions for Proper Care and Use of Your Backup Battery:

The battery for your fiber optic voice services is designed to be operated in temperatures above 14°F and below 120°F. Backup batteries are rechargeable and have an estimated useful life span of 6-10 years. Spring Grove Communications monitors the battery voltage and will be alerted when it is low. You will not need to access the battery, however if you experience any problems with your fiber optic voice service during a power outage of less than 8 hours, please promptly notify us. We will provide and install at no cost to you, a replacement backup battery. If you have any questions, please call 507-498-3456 or email [contactus@sgc-coop.com](mailto:contactus@sgc-coop.com)

# Internet Information

## SATELLITE INTERNET

SGC offers high speed Internet via satellite. Created with rural America in mind, Via-sat is ideal for homes or businesses that have limited Internet access available to them. Please call our office for further information.

## Smart Tech Services - SMARTTS

Smart Tech Services covers everything wireless and then some. We are your one stop shop for all your technology needs. We will help with training on how to use a device, repair a slow computer, help you order a new computer, set up Roku's, connect game consoles, or ANY device you have in your home that connects to the internet. We will help with simple and advanced set up and device repair. #GOTSMARTTS?

## INTERNET SERVICE

### Broadband Internet - Your Whole Home WiFi Solution.

Whole Home Wi-Fi is a worry-free, high quality wireless network. With more and more users and devices being connected to the internet, we can help you optimize your home Wi-Fi network to maximize the performance of your smart TV's, computers, laptops, gaming devices, smartphones and tablets.

#### Benefits:

- Remote Support
- Router Location Optimization
- Network Security and Password Protection Assistance
- Network Configuration
- Parental Controls
- Guest Network

#### Broadband Internet Pricing/month:

Download	Upload	Cost
30Mb	30Mb	\$55.00
60Mb	60Mb	\$70.00
100Mb	100Mb	\$80.00
250Mb	100Mb	\$95.00

\*Faster Speeds available upon request.

\*Install charge of \$60.00. Disconnect charge of \$100.00 if disconnected within the first year of service.

\*Requires telephone line.

#### Stand Alone Broadband Pricing/month:

Download	Upload	Cost
30Mb	30Mb	\$90.00
60Mb	60Mb	\$100.00
100Mb	100Mb	\$110.00

\*No landline required!

\*Can also subscribe to SGC-TV

\*Install charge of \$60.00. Disconnect charge of \$100.00 if disconnected within the first year of service.

Whole Home Wi-Fi is complete with the FREE basic CommandIQ app. The basic CommandIQ app gives you a snapshot view of your home network. Through the app you can view all the connected devices on your network, set up basic parental controls, a guest network and change your network password. CommandIQ puts you in charge!

Go beyond basic Command IQ with InControl Whole Home Wi-Fi. InControl Whole Home Wi-Fi will protect all devices on your network from viruses, cyber-attacks and more! Gain control over screen time limits, prioritize device access and content. These are just a few ways InControl Whole Home Wi-Fi can make your home network and online experience better.

InControl Whole Home Wi-Fi \$6.00/month.

## Secure IT Plus / Password Genie

### **Virus & Spyware Protection. No Annual Fee.**

SecureIT Plus is the protection your computer needs to keep the bugs out and to keep it healthy.

- Anti Virus & Anti Spyware in one product
- Parental controls with time management - control when the Internet can be used and what is viewed.
- Hard drive maintenance
- Personal firewall
- Hands-free security updates
- Guaranteed protection
- FREE 24/7 technical support

**\*Pricing:** \$4.95/month

### **Rely on something other than pen and paper!**

Password Genie saves all your website user names and passwords so you never have to write them down or remember them again.

- Affordable and easy to use
- Saves web addresses, user names and passwords
- Never have to use the "Forgot Password" option
- Personal data and preferences stored with 256-bit AES encryption  
Same technology used by bank sites today
- Can be installed on up to 5 computers with unlimited users
- Information is backed up and available in case you need to do a reinstall or transfer to a new computer at any time
- FREE 24/7 Support

**\*Pricing:** \$2.95/month. **One license can be used on up to 5 computers.**

\*Note: All prices & services subject to change.

# Phone Discounts For Low-Income Users

## PROGRAMS AND SAVINGS:

- **Lifeline** - provides qualified users a \$5.25 discount on monthly charges for the primary home phone.
- **Telephone Assistance Plan (TAP)** - provides a monthly discount of \$7.00 on home phone service (excludes cell phones).

## QUALIFICATION:

1. Total household income does not exceed 135% of the Federal Poverty Guidelines listed at [www.lifelinesupport.org/ls/eligibility/federal-poverty-guidelines.aspx](http://www.lifelinesupport.org/ls/eligibility/federal-poverty-guidelines.aspx)

### OR

2. Participation in one (or more) of these programs:
  - Medicaid (Medical Assistance)
  - Supplemental Nutrition Assistance Program (SNAP)
  - Supplemental Security Income (SSI)
  - Federal Public Housing Assistance
  - Minnesota Family Investment Program (MFIP)
  - Bureau of Indian Affairs Program (Tribal TANF, Head Start Subsidy, NSL)

## DEPOSIT FEES:

- If you have financial or credit problems, you may be required to pay a deposit before setting up service.
- Eligible users of the Lifeline do not have to pay a deposit if they agree to limit their use of long distance service with "toll limitation" or "toll blocking." Users can still make long-distance calls using pre-paid calling cards.
- If the phone company threatens to disconnect service because of late or non-payment of bills, ask the company to restrict phone service to local numbers only.

## HOW TO APPLY:

Contact our office at 507-498-3456 to request the Lifeline program application. The application form will require the following information:

- First and Last Name
- Address
- Date of Birth
- Last 4 digits of your Social Security Number

## OTHER IMPORTANT INFORMATION:

- Discounts cannot be applied to past due telephone bills.
- Once you are on Lifeline and TAP you are asked periodically to verify that you remain eligible. If you do not respond, the phone company is required to stop the discounts.
- It can take up to two months for the discounts to show up on your bill. You must pay the bill until that time.
- Lifeline, Link-Up and TAP discounts are available for only one line per household.
- If you qualify based on participation in a federal aid program, the phone must be in the name of the person who receives those benefits.

## QUESTIONS:

Call us at 498-3456 for questions on TAP or Lifeline. Information is also available from the Public Utilities Commission. [www.mn.gov/puc/](http://www.mn.gov/puc/)

## ADDITIONAL HELP:

The Minnesota Telephone Equipment Distribution (TED) Program provides free specialized telecommunications equipment to income eligible Minnesotans who have trouble using the telephone due to hearing loss, speech disability or physical disability. Call 1-800-311-1148 (voice), 1-866-266-2461 (TTY), or visit the TED website at [www.mn.gov/dhs](http://www.mn.gov/dhs) for more information.

## Affordable Connectivity Program

The Affordable Connectivity Program is a FCC benefit program that helps ensure that households can afford the broadband they need for work, school, healthcare and more.

The benefit provides a discount of up to \$30 per month toward internet service for eligible households. Eligible households can also receive a one-time discount of up to \$100 to purchase a tablet from participating providers.

The Affordable Connectivity Program is limited to one monthly service discount and one device discount per household.

### WHO IS ELIGIBLE FOR THE AFFORDABLE CONNECTIVITY PROGRAM?

A household is eligible for the Affordable Connectivity Program if the household income is at or below 200% of the [Federal Poverty Guidelines](#), or if a member of the household meets at least *one* of the criteria below:

- Participates in certain assistance programs, such as SNAP, Medicaid, Federal Public Housing Assistance, SSI, WIC, or Lifeline;

- Participates in Tribal specific programs, such as Bureau of Indian Affairs General Assistance, Tribal TANF, or Food Distribution Program on Indian Reservations;
- Participates in the National School Lunch Program or the School Breakfast Program, including through the USDA Community Eligibility Provision;
- Received a Federal Pell Grant during the current award year; or
- Meets the eligibility criteria for a participating provider's existing low-income internet program.

### TWO STEPS TO ENROLL

1. Go to [ACPBenefit.org](http://ACPBenefit.org) to submit an application or print out a mail-in application.
2. Contact your preferred participating provider to select a plan and have the discount applied to your bill.

Eligible households must **both apply for the program and contact a participating provider to select a service plan.**

# Calling Features & Services

## CALL WAITING

Call Waiting alerts you that another call is coming in when you're on the phone.

### To answer the incoming call...

- Alert the person you are talking with that you have another call and to please hold.
- Put the existing call on hold by depressing your switch hook for less than one second or pressing the flash button if your phone is equipped with one.
- You can return to the first caller by again depressing the switch hook for less than one second or pressing flash. You can alternate between the callers as often as you want as long as no one hangs up.

### Things to remember about Call Waiting...

- The person you are talking to can't hear the beeps. If you ignore the first beep, a second beep will follow in about ten seconds.
- Each conversation is private and cannot be heard by the other party.
- You can choose to ignore call waiting, however, the incoming caller will hear ringing with no answer, not a busy signal.
- If you happen to hang up and have someone on hold, your telephone will ring you with the party still on hold.

## CALLER ID CALL WAITING

Caller ID call waiting works like regular call waiting except that you can see the name and number of the incoming caller on Caller ID equipment. You must subscribe to Caller ID to use this service.

## CANCEL CALL WAITING

Cancel Call Waiting allows you to deactivate call waiting for one phone call. Use this feature when making an important call or to send or receive a fax through your phone line. When Cancel Call Waiting is activated, all incoming calls will receive a busy signal.

### To activate Cancel Call Waiting...

- Dial \*70 (1170 on rotary).
- After hearing a second dial tone, dial the number you wish to call.
- When you disconnect your call, call waiting will automatically be reactivated.

### Activate Cancel Call Waiting during a call with Three-Way Calling...

- Depress the switch hook or flash button to place your current call on hold.
- Wait for the dial tone, then dial \*70 (1170 on rotary). You will be returned to your previous caller.

## ACCOUNT CODE BILLING

Businesses may use for toll access control.

## 800 NUMBERS

Residential and Business 800 numbers are available for \$4.95/month and \$0.15/minute with a one-time activation fee of \$20.00.

## THREE WAY CALLING

Three Way Calling allows you to add a third party to an existing call.

### To activate Three Way Calling...

- While involved in an existing call, depress the switch hook for less than one second. You will hear a stuttered dial tone.
- Dial the third person like a regular call.\* (*Regular long distance charges will apply if you are dialing a number out of your calling area.*) Once the third person answers, inform them that you are going to conference their call and depress the switch hook for less than one second. All three people should now be connected.

*\*If the third party is unavailable, depress the switch hook for less than one second to return to your original caller.*

## CALL FORWARDING

Call Forwarding allows calls to be transferred to any other number.

### To activate Call Forwarding...

- Listen for the dial tone. Dial \*72 (1172 on rotary) and wait 4 seconds.
- A second dial tone will be heard. Dial the number that you are forwarding your calls to. Regular long distance charges will apply if you are forwarding to a number out of your calling area.
- If the call is answered, the calls are forwarded.
- **If no one answers**, you must hang up immediately and repeat steps 1 and 2 to activate Call Forwarding.

# Calling Features & Services

## CALL FORWARDING - CONT'D

### To deactivate Call Forwarding...

- Listen for the dial tone and dial \*73 (1173 on rotary) and wait 4 seconds.
- Listen for 2 beeps. This means Call Forwarding is deactivated.

### Things to remember about Call Forwarding:

- Once your phone is Call Forwarded, it will give half a ring in your home. You can still make outgoing calls, but you will be unable to answer a call until Call Forwarding is removed.

## SPEED CALLING

Speed Calling allows you to maintain a list of frequently called numbers by dialing a 1 or 2 digit code. We offer a Short List that stores 8 numbers or a Long List that stores 16 numbers.

## TEEN LINE/DISTINCTIVE RING

A teen line is an additional number that is used on an existing phone line. Your teen line will ring two short rings, distinguishing it from your other number.

Teen lines work great for children or if you need a separate number for an in home business. Please remember that a teen line is NOT a second line. If you are using the phone, both numbers are considered busy.

## BUDGET TOLL MANAGEMENT

Control the amount of long distance charges you pay each month.

## CALLER ID

To utilize Caller ID you must have a phone or display box that will show the calling name and number. You can purchase this equipment at most electronic stores or rent from Spring Grove Communications.

Some names and/or numbers will not show up on a Caller ID display for several different reasons. For example, if a caller has chosen to mark their information "Private." Other numbers show up as "Unknown" or "Out-of-the-Area." This can result if they are calling from an area that doesn't have Caller ID capabilities or if the caller is calling from certain payphones, PBX, key or Centrex systems.

Spring Grove Communications offers the following features individually or as part of a package in conjunction with Caller ID.

## BASIC CALLER ID

### AUTOMATIC CALL BACK

Redials the last call placed from your telephone. Dial \*66 to activate or \*86 to deactivate this service.

### AUTOMATIC RECALL

Recalls the last call placed from your telephone. Dial \*69 to activate or \*89 to deactivate this service.

### SELECTIVE CALL ACCEPTANCE

Blocks all incoming calls except the 16 you specify. Dial \*64 to activate or make changes to your list.

### SELECTIVE CALL FORWARDING

Forwards only the 16 numbers you specify. Dial \*63 to activate or make changes to your list.

### SELECTIVE CALL REJECTION

Blocks 16 specified numbers from reaching you. Dial \*60 to activate or make changes to your list.

### ADD'L 16 NUMBERS FOR SELECTIVE LISTS

Allows you to extend your Selective Call, Rejection, Acceptance, Forwarding, or Priority Call lists from 16 to 32 numbers.

## CALLER ID BLOCKING

You can block your telephone number and name from being displayed on any Caller ID equipment.

**Line Blocking** is available to any residential subscriber and certain businesses. The block is initiated at the phone office and marks any calls from your home as "Private" or "Anonymous."

You can unblock your information on a per call basis by dialing \*82 (1182 on rotary) before dialing an outgoing number. The line is immediately reblocked after your call is terminated.

This service is automatically added to your line if your number isn't published in our phone directory.

**Per Call Blocking** can be performed by any subscriber at any time by dialing \*67 (1167 on rotary) before dialing an outgoing number. The line will be blocked for that call only. The feature will automatically shut off when the call is terminated.

# Calling Features & Services

## ANONYMOUS CALL REJECTION

This feature routes "Private" callers to a message stating that you are currently not accepting calls from blocked callers. It explains that they would need to dial \*82 (1182 on rotary) to unblock their number and try the call again.

### To activate Anonymous Call Rejection...

- Listen for dial tone. Dial \*77 (1177 on rotary).

### To deactivate Anonymous Call Rejection...

- Listen for dial tone. Dial \*87 (1187 on rotary).

## TELEMARKETER CALL SCREENING

Allows you to block calls from unknown callers. The service plays an announcement stating that the party they have dialed does not accept calls from telemarketers and that the party wishes their name to be added to the "Do Not Call" list.

## FIND ME

This feature is a great tool for any business that has better things to do than to wait for the phone to ring. Find Me can be set up to dial up to 6 numbers at the same time or in succession. Find Me will alert the caller that it is attempting to locate you and tells them to stay on the line.

Call 498-3456 for more details on this feature.

## RSVP LINE

Planning a wedding or a party can be time consuming and costly. Using the RSVP line through Spring Grove Communications can save you time and money. You won't have to worry about the extra cost of the RSVP cards, envelopes and postage. All you'll need to do is include the toll free number provided by the telephone office on your invitations. The RSVP line is \$50 for 6 weeks and includes a voicemail box for your guest to leave a message.

**\*\*\*Toll charges of 15 cents/min do apply.**

## VACATION RATES

If you plan on being out-of-town two months or more, you may save money by placing your services on 100% vacation rate.

100% vacation rate suspends all your services while you are away. It costs you \$25.00 to be put on vacation and \$25.00 when you return. You will pay none of your monthly service.

Call our business office at 498-3456 for more information.

**\*Note: All prices and services subject to change.**

## TOLL DENIAL

Toll denial blocks any long distance calls from being dialed from your home. You can dial 800 numbers but cannot reach an operator to complete collect, third number or calling card calls. Pre-paid calling cards will work.

If you need to call long distance, you should consider a PIN (Personal Identification Number). This allows you to enter a unique PIN number to override the toll denial and complete your long distance call. Call our business office at 498-3456 to request toll denial or order a PIN number.

## ON-DEMAND CONFERENCE CALLING

You can be there without actually being there! On-Demand Conferencing is completely an on-demand service that allows you to conduct conference calls whenever you need to no matter where you are. No special equipment needed.

With today's busy schedules it can be difficult to get everyone together at one location. On-Demand Conference Calling can help bring everyone together via phone. It can be used for business meetings, planning reunions, committee meetings, or planning a family holiday get together. Bringing people together has never been more cost effective than On-Demand Conference Calling.

- Easy management using a web portal
- Exceptional security
- Assign your own unique user-name and password

Call us at 498-3456 for pricing and to set up your On-Demand Conference Calling account.

## SGC NOTIFY

See Page 16 for details!

# Voice Mail Plus

Voice Mail Plus is more than just a voice mail service through your local telephone company. It truly is a messaging service. Voice Mail Plus has many options such as multiple mailbox set-up, administration through a web portal, record specific messages for specific numbers, and receive messages via email and text message.

## WHY SHOULD I USE VOICE MAIL?

Voice Mail Plus is state-of-the-art technology you can rely on to answer your calls when you are not available and when you are on the phone and have call waiting, voice mail will take the message for you. Voice Mail Plus also works during a power failure. No machines or tapes to deal with!

Voice Mail Plus keeps you connected so you don't miss calls and messages are delivered when left for you and not days later. Voice Mail Plus takes the guessing out of whether or not you have a voice mail message or just a missed call. Your messages can be delivered to an email address and as a text message notification. You can also access your voice mail through a web portal. The web portal allows you to record multiple greetings and assign specific greetings to specific numbers.

## THE ADVANTAGE IS YOURS!

With a subscription to Voice Mail Plus you will be able to:

- Access messages and change your personal greeting from anywhere in the world.
- Respond quickly to message.
- Allow those who call while you are on the phone to leave a message rather than hear a busy signal.
- Accomplish other tasks while you let voice mail answer your calls.
- Assign different greetings to different numbers.
- Receive message by email and/or as a text message.

## TO SET UP YOUR VOICE MAIL

- Pick up your phone and listen for the dial tone.
- Dial 498-6245 (MAIL).
- Press **9** - Mailbox setup
- Set up your own personal greeting. (You may disregard this step if you choose to use the default greeting which is "The party you have dialed does not answer. Please leave a message after the tone." If using the default greeting, press the \* button and go to the next step "Setting Up Your Password".)
- Press **1** - Greeting Menu
- Press **4** - Record New Greeting
- Press **#** - End Recording
- Press **1** - Play Greeting
- Press **2** - Keep This Greeting Greeting must be saved to be activated.
- Press **\*** - Return to mailbox setup

## SETTING UP YOUR PASSWORD

- Press **2** - Enter new password followed by the **#** key.

(Password is any series of up to 16 digits you choose.) You will be unable to access your mailbox without this password when dialing from a different location, so be sure to choose one that you can remember. **To verify, enter your password, followed by the # key.** Hang up, your mailbox is now set up.

*\*Note: All prices and services subject to change.*

## Voice Mail Plus – cont'd

### TO LISTEN TO YOUR VOICE MAIL MESSAGES

Lift the handset of your phone and listen to the dial tone. If you hear a “stuttered” dial tone and then the regular dial tone, you have a new message. Follow these steps to retrieve your messages.

- Dial 498-6245 to listen to your messages (You can program this number in your Speed Calling 8 List.)
- Press **1** - Play or replay message
- Press **2** - Save message
- Press **3** - Delete message
- Press **4** - Save message as new
- Press **7** - Skip back three seconds
- Press **8** - Pause or continue message
- Press **9** - Skip forward three seconds

### ACCESSING YOUR SUB-MAILBOX

1. Dial 498-6245. \*If not calling from your phone, enter mailbox number (your 10-digit phone number).
- 2a. If you are the Group Administrator and wish to record a group greeting, **Press \*** to access the Group Meeting Menu.  
A voice prompt will guide you through those steps.  

OR
- b. **Enter your sub-mailbox number.** Then **Press the \* key** while the greeting is playing to access your voice mailbox.
3. If requested, **Enter your password, followed by the # key.** Your password will be a default code of “0000” until you change it.
4. Main menu: **Press 1** to retrieve messages, **Press 5** to hear which sub-mailboxes have new messages or **Press 9** for mailbox setup.

### HOW DO I KNOW I HAVE A MESSAGE?

Checking your messages is as easy as picking up your phone. If you have a message, your phone will have a ‘stutter’ dial tone. When you hear this special dial tone, you know a message is waiting for you. You can also lease or purchase a phone that has a message waiting indicator light.

### E-FORWARD

With E-FORWARD, your Voice Mail messages will be e-mailed to you as an audio attachment. Listen to your messages, save or delete them all from your computer, tablet, or smart phone.

## Simplify Your Life With SGC Notify

SGC Notify is a powerful automated messaging service that will deliver phone calls, e-mails, and even text messages! The message can be scheduled in advance and delivered when you want. It's that simple! This service is accessed through a web portal for your convenience and 24/7 access.

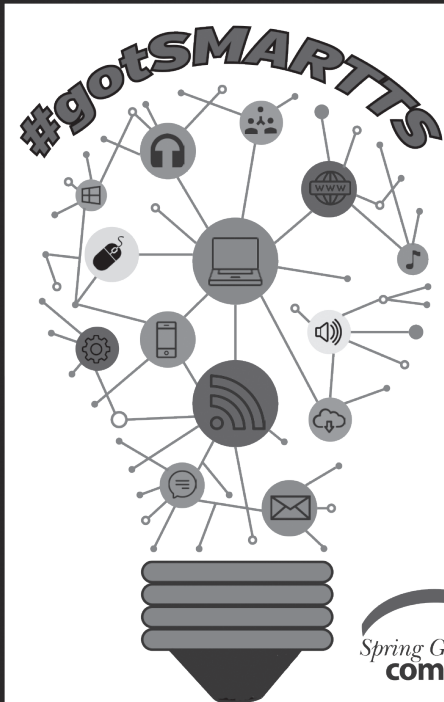

### Use SGC Notify for:

- Meeting Reminders
- Weather Cancellations
- Appointment Reminders
- Non-Payment Reminders
- Marketing & Promotions
- Planning Family Gatherings

### SGC Notify is affordable!

Onetime set up fee of \$50 and ONLY \$5 each time the service is used. That's right ONLY pay when you use the service!

Interested in more details? Call 498-3456 and ask for a demonstration on how your organization or business can benefit from SGC Notify.

# Directory Assistance & Dialing Information

## DIALING INFORMATION

### To place a call between exchanges (563-492 and 507-498)

Dial all 7 digits of listed number.

### If you have trouble dialing a number directly

Call the operator, explain the difficulty. The call will be placed for you. You will be charged for operator assistance on local calls.

### You will not be charged

If you hang up before you dial the complete number, or if the telephone number you dial is busy or does not answer.

### If you use an answering machine or voice mail to answer your phone

People who dial long distance to your number will be charged for their call.

## DIRECTORY ASSISTANCE

### For Assistance in Dialing

If at any time you need the service of an operator to place or complete a call, dial "0" Operator. When the operator answers, explain the situation to them and they will be glad to assist you.

### There is a charge for this service.

### For Local & Long Distance dial 411 or 1-507-555-1212

### Directory Assistance

1. A charge applies whether or not the Directory Assistance Bureau furnished the requested number – such as in the case of non-published numbers.
2. Subscribers who are unable to use a directory because of visual or physical handicap may apply to the local telephone company to obtain a special waiver from these directory charges.

**– WRITE DOWN NUMBERS –**  
**Directory Assistance Calls Cost You Money**

## TYPES OF LONG DISTANCE CALLS

### Collect Calls

You may call collect if the person or firm you are calling agrees to pay the charges. Dial 0+1+area code+number. When the Operator comes on the line, say you're placing a collect call and give your name.

### Third-Number Calls

You can make a long distance call from another telephone and bill it to your own telephone number or another number if that party agrees to pay for the call. Dial the call and when the Operator comes on the line, say you'd like to charge your call to a third number and give that number including the Area Code. The Operator may verify the third number charge before advancing your call.

### Time and Charges

When placing a long distance call, you may ask the Operator to tell you the length of time you talked and how much it cost. Dial the call and when the Operator comes on the line, say that you will want the time and charges when the call is complete.

### Person-to-Person Calls

This is the most expensive type of long distance call. Call person-to-person when you wish to reach a particular person or extension number. Dial the call and when the Operator comes on the line, say you are making a person-to-person call and give the name of the person you want to talk to.

### International Calls

Refer to page 33 of this directory.

### "800 Service" Telephone Numbers

Long distance calls can be made without charge when calling those businesses and people who have toll-free numbers. They offer this service to customers calling from specific locations. Currently 800, 833, 844, 855, 866, 877 & 888 are all toll-free numbers.

### Long Distance Rates

Rates vary depending on your intralata and interlata carriers. Check with them for specific rates, times and discounts.

## NORSK TELEKOM L.L.C.

**"The Long Distance Company Owned by YOU!"**

**Flat Rates • One Bill • Hometown Service**

### No Hassle Savings:

No minimum spending levels...  
No extra digits to dial...  
No hidden charges that can add up to substantial fees every month.

### Straight Forward Pricing:

All calls in the U.S. are one rate of \$0.15/minute, 24 hours-a-day, 7-days-a-week.  
Low International Rates - call to get a quote for the country you call the most!

### Convenient Billing:

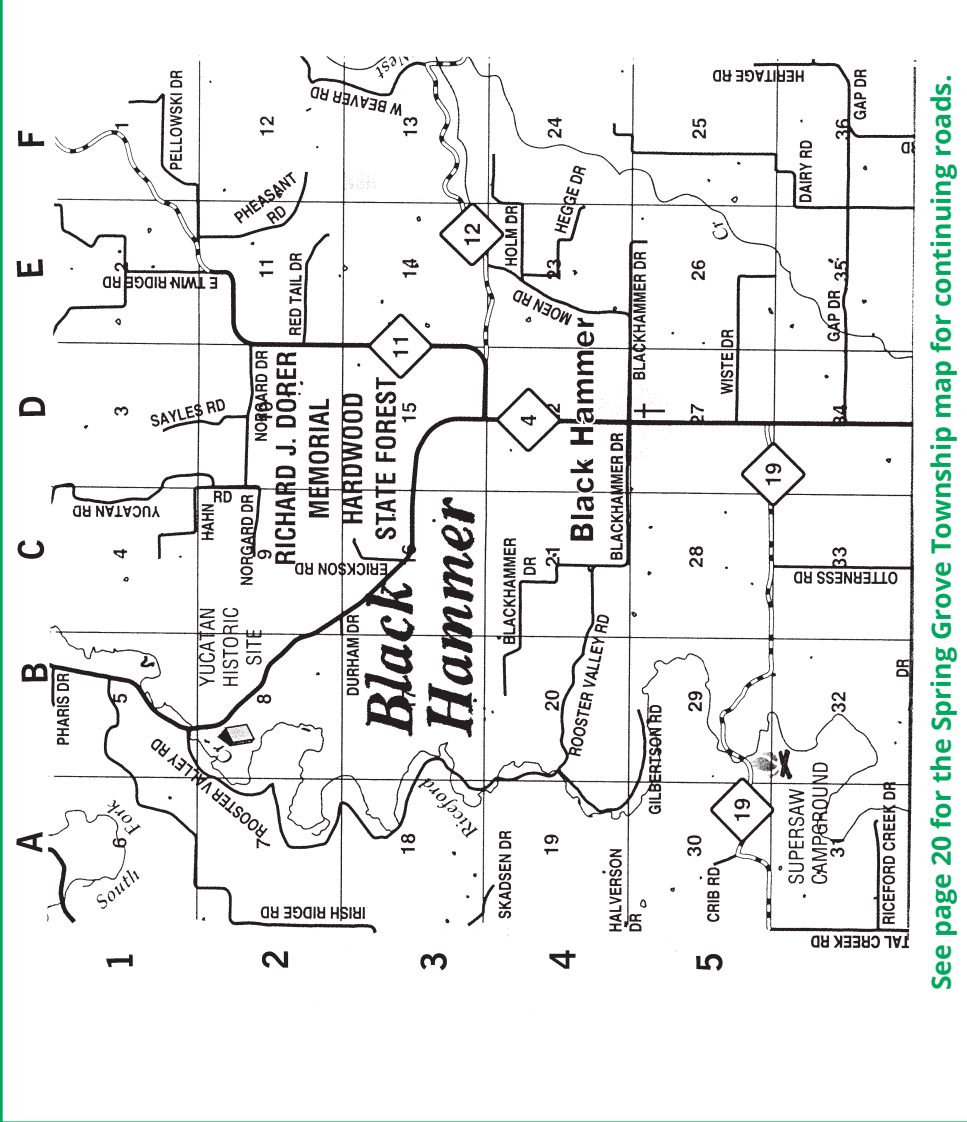

Your long distance call detail and charges appear on your Spring Grove Communications bill, including your 800 calls.

### UFFDA Calling Plan

For those customers who call 150+ minutes a month. \$0.10/minute and \$4.95/month.

# General Information • Spring Grove Communications

## **PAYMENT OF PHONE BILLS**

Telephone bills are mailed on the first of each month and are considered delinquent after the 20th. Delinquent subscribers are subject to disconnection and subject to late payment fee of 1.5% or \$1.00, whichever is greater. If payment is made after the 22nd of the month, the paid amount may not be reflected on the following month's statement.

Telephone bills include charges for the local service one month in advance and the previous month's toll charges. Each customer is held responsible for all long distance calls originating from their line.

For your convenience there is a payment drop box in the front of our building by the bottom of the stairs and on the northwest side of the building.

## **SERVICE DIFFICULTIES**

Report service troubles promptly to the office at 498-3456. The telephone company will appreciate such calls and will act as quickly as possible to correct such difficulty. Broken cabinets, wires and other faults which might endanger life or property should be brought to the attention of the phone company.

## **FAILURE OF SERVICE**

The company cannot guarantee uninterrupted working of its equipment. In case service is interrupted other than by negligence or willful act of the subscriber, an adjustment will, upon application by the subscriber, be made in the amount of the charge of the service, equipment and facilities furnished that are rendered useless or inoperative. Any adjustment shall apply, only to the period the interruption continues beyond 48 hours after notice of the interruption is received by the telephone company. No other liability shall in any case attach to the phone company.

## **PROPERTY RIGHTS**

The customer has no property rights in the telephone number assigned. The telephone number remains the property of the telephone company and we reserve the right to make such telephone number changes as may be necessary in the conduct of our business.

## **TARIFFS**

These are established in conformity with the requirements of the state and local regulatory bodies. Any information not made a part of this directory is available to individuals at the business office.

## **PROVIDING YOUR OWN TELEPHONE**

You may choose to purchase your own telephone terminal equipment from another source. You are responsible for maintenance or replacement of such equipment. In the event there is a service problem and a serviceman is dispatched to your home or business and finds the trouble is in your equipment, a service charge to cover the repairman's time and vehicle expense will be billed to you in accordance with the filed tariffs.

## **CARE OF EQUIPMENT**

The telephone equipment, apparatus, and lines furnished shall be carefully used and cared for by the subscriber and shall be surrendered to the telephone company upon termination of the subscriber's right of use in as good condition as when received, ordinary wear and tear alone expected.

All ordinary expense of maintenance and repair, unless otherwise specified in the telephone company's tariffs, will be borne by the telephone office. In case of damage to, or destruction of, any said equipment, due to negligence by the subscriber, the subscriber shall pay either the cost to replace the equipment or the cost to restore the equipment to original condition.

## **USE OF RESIDENCE TELEPHONES FOR BUSINESS PURPOSES**

Residence telephone service is installed with the understanding that they will be used for normal social or domestic purposes.

Residence service will be changed to business service if used primarily or substantially for business purposes, or if the residence number is advertised in connection with the sale of products or services and the subscriber has no business service elsewhere within our system.

## **DIRECTORIES**

Directories are the property of the Telephone Company and are to be returned to the Telephone Company upon request. No binder, holder, or auxiliary cover, except such as may be provided by, or with the consent of the Telephone Company, shall be used in connection with any directory furnished by the Telephone Company. The Telephone Company reserves the right to assign phone numbers and lines and make any changes when necessary.

No liability shall attach or be assumed by the company for any errors or omissions in the compiling, printing or distribution of its directories. In order that the directory record may contain correct listings at all times, notification of changes or errors should be given to this office at once.

# Statement Of Nondiscrimination

In accordance with Federal civil rights law and U.S. Department of Agriculture (USDA) civil rights regulations and policies, the USDA, its Agencies, offices, and employees, and institutions participating in or administering USDA programs are prohibited from discriminating based on race, color, national origin, religion, sex, gender identity (including gender expression), sexual orientation, disability, age, marital status, family/parental status, income derived from a public assistance program, political beliefs, or reprisal or retaliation for prior civil rights activity, in any program or activity conducted or funded by USDA (not all bases apply to all programs). Remedies and complaint filing deadlines vary by program or incident.

Persons with disabilities who require alternative means of communication for program information (e.g., Braille, large print, audiotope, American Sign Language, etc.) should contact the responsible Agency or USDA's TARGET Center at (202) 720-2600 (voice and TTY) or contact USDA through the Federal Relay Service at (800) 877-8339. Additionally, program information may be made available in languages other than English.

To file a program discrimination complaint, complete the USDA Program Discrimination Complaint Form, AD-3027, found online at How to File a Program Discrimination Complaint and at any USDA office or write a letter addressed to USDA and provide in the letter all of the information requested in the form. To request a copy of the complaint form, call (866) 632-9992. Submit your completed form or letter to USDA by:

- (1) mail: U.S. Department of Agriculture,  
Office of the Assistant Secretary for Civil Rights,  
1400 Independence Avenue, SW,  
Washington, D.C. 20250-9410;
- (2) fax: (202) 690-7442;  
or
- (3) email: [program.intake@usda.gov](mailto:program.intake@usda.gov).

USDA is an equal opportunity provider, employer, and lender.

## Pay Per Call Information “900” Numbers

For 900 billing disputes or inquiries, a toll free number will appear with the call detail on your phone bill. You have 60 days from the date of the bill to dispute a 900 billing error. You have the right to withhold payment of the disputed 900 charges during the billing error review. No collection activity for disputed 900 charges will occur while the charges are under investigation. After investigation, if it is determined that the disputed 900 charges are legitimate, the long-distance carrier or the information provider may proceed with outside collections against your account for non-payment of these charges. Your local and long distance service cannot be disconnected for non-payment of 900 charges. Failure to pay legitimate 900 charges may result in involuntary blocking of access to 900 services. Voluntary blocking of access to 900 service is available upon request from your local exchange carrier.

## Complaint Procedures

If Spring Grove Communications does not resolve your complaint, the service may be subject to state regulation.

### Iowa Customers -

You may contact the Iowa Utilities Board, 1375 E. Court Ave., Des Moines, IA 50319-0069, 1-877-565-4450.

### Minnesota Customers -

You may contact the Minnesota Public Utilities Commission, 121 7th Place E, Ste. 350, St. Paul, MN 55101 or call 1-800-657-3782.

The Federal Communications Commission (FCC) has received information that interstate telephone service is being used for collection of claimed debts in ways that are or may be in violation of applicable tariffs of the telephone companies criminal statutes. Practices alleged include calling at odd hours of the day or night; repeated calls; calls to friends, neighbors, relatives, employers and children; calls making a variety of threats; calls asserting falsely that credit ratings will be hurt; calls falsely stating that legal process is about to be served; calls demanding payments for amounts not owed; calls to places of employment; and calls misrepresenting the terms and conditions of existing or proposed contracts. Although many of these calls are placed on a local basis, there is an increasing indication that such improper practices also involve use of interstate toll and Wide Area Telephone Service (WATS).

Tariffs of the telephone companies forbid use of the telephone "...for a call or calls, anonymous or otherwise, if in a manner reasonable to be expected to frighten, abuse, torment, or harass another;" or for calls that "...interfere unreasonably with the use of the service by one or more customers;" or calls for "...unlawful purpose." Upon violation of any of these conditions the telephone company can, by written notice, discontinue service "forthwith." These tariff regulations are filed with the Commission pursuant to Section 203 of the Communications Act, 47 U.S.C. 203, and are binding on the telephone company and customer alike. Users of the telephone service are also subject to the enforcement proceedings provided for in Sections 401 and 411 of the Communications Act. In addition to the loss of telephone service for violation of the tariffs, Section 223 of the Communications Act makes it a crime to use the telephone in the District of Columbia or in interstate or foreign communications to make "repeated telephone calls, during which conversation ensues, solely to harass any person at the called number" or to knowingly permit "others to use his telephone" for such purpose. Penalties for violation of Section 223 are a fine up to \$500.00 or six months imprisonment, or both, 47 U.S.C. 223.

The Commission is concerned that some users of telephone service may be unaware of their obligations to refrain from using the service for abusive or harassing calls. It is also concerned that other users may be willfully and repeatedly violating the provision of the tariffs and the applicable statutes, and that the telephone companies are not adequately enforcing their tariffs. Accordingly, the Commission is issuing this Public Notice in order that the public may be informed of the requirements of law in this area and so that users may be alerted to their obligations in the use of the telephone and the penalties for failure to abide thereby.

# WARNING Telephone Laws

## TO ALL TELEPHONE SUBSCRIBERS STATE OF MINNESOTA

### 609.78 EMERGENCY TELEPHONE CALLS AND COMMUNICATIONS

Subdivision 1. **Misdemeanor offenses.** Whoever does the following is guilty of a misdemeanor:

(1) refuses to relinquish immediately a coin-operated telephone or a telephone line consisting of two or more stations when informed that the line is needed to make an emergency call;

(2) secures a relinquishment of a coin-operated telephone or a telephone line consisting of two or more stations by falsely stating that the line is needed for an emergency;

(3) publishes telephone directories to be used for telephones or telephone lines and the directories do not contain a copy of this section;

(4) makes a call for emergency police, fire, medical, or ambulance service, knowing that no police, fire, or medical emergency exists;

(5) interrupts, disrupts, impedes, or otherwise interferes with the transmission of a citizen's band radio channel communication the purpose of which is to inform or inquire about a medical emergency or an emergency in which property is or is reasonably believed to be in imminent danger of damage or destruction; or

(6) makes or initiates an emergency call, knowing that no emergency exists, and with the intent to disrupt, interfere with, or reduce the provision of emergency services or the emergency call center's resources, remains silent, or makes abusive or harassing statements to the call recipient.

Subd. 2. **Gross misdemeanor offenses.** Whoever does the following is guilty of a gross misdemeanor:

(1) intentionally interrupts, disrupts, impedes, or interferes with an emergency call or who intentionally prevents or hinders another from placing an emergency call, and whose conduct does not result in a violation of section 609.498;

(2) places an emergency call and reports a fictitious emergency with the intent of prompting an emergency response by law enforcement, fire, or emergency medical services personnel; or

(3) violates subdivision 1, clause (6), after having been previously convicted or adjudicated delinquent for violating that clause.

Subd. 2a. **Felony offense; reporting fictitious emergency resulting in serious injury.** Whoever violates subdivision 2, clause (2), is guilty of a felony and may be sentenced to imprisonment for not more than ten years or to payment of a fine of not more than \$20,000, or both, if the call triggers an emergency response and, as a result of the response, someone suffers great bodily harm or death.

Subd. 2b. **Other felony offenses.** Whoever does the following is guilty of a felony and may be sentenced to imprisonment for not more than five years or to payment of a fine of not more than \$10,000, or both:

(1) violates subdivision 1, clause (6), after having been previously convicted or adjudicated delinquent for violating that clause on more than one occasion; or

(2) intentionally uses multiple communications devices or electronic means to block, interfere with, overload, or otherwise prevent the emergency call center's system from functioning properly, and these actions make the system unavailable to someone needing emergency assistance.

Subd. 3. **Definition.** (a) Except as provided in paragraph (b), for purposes of this section, "emergency call" means:

(1) a 911 call;

(2) any call for emergency medical or ambulance service; or

(3) any call for assistance from a police or fire department or for other assistance needed in an emergency to avoid serious harm to person or property, and an emergency exists.

(b) As used in subdivisions 1, clause (6); 2, clause (2); and 2a:

(1) "call" includes the use of any method of communication including, but not limited to: telephones, facsimiles, Voice over Internet Protocols, e-mail messages, text messages, and electronic transmissions of an image or video; and

(2) "emergency call" has the meaning given in paragraph (a) but does not require the existence of an emergency.

### 609.79 OBSCENE OR HARASSING TELEPHONE CALLS

Subdivision 1. **Crime defined; obscene call.** Whoever,

(1) by means of a telephone,

(i) makes any comment, request, suggestion or proposal which is obscene, lewd, or lascivious,

(ii) repeatedly makes telephone calls, whether or not conversation ensues, with intent to abuse, disturb, or cause distress,

(iii) makes or causes the telephone of another repeatedly or continuously to ring, with intent to abuse, disturb, or cause distress in any person at the called number, or

(2) having control of a telephone, knowingly permits it to be used for any purpose prohibited by this section, shall be guilty of a misdemeanor.

Subd. 2. **Venue.** The offense may be prosecuted either at the place where the call is made or where it is received or, additionally in the case of wireless or electronic communication, where the sender or receiver resides.

## IOWA TELEPHONE LAWS

### WARNING: Unlawful Uses of the Telephone

#### Fraud

Iowa law prohibits the fraudulent use of a credit card or telephone billing number, or obtaining or attempting to obtain telephone service with intent to avoid charges. The maximum penalty for violation is a fine of \$1,000.00 or 5 years imprisonment or both.

#### Annoyance Calls

Intentional annoyance of any person by use of the telephone is prohibited by law. The maximum penalty for violation is a fine of \$500.00 or imprisonment for one year or both.

# Unwanted Calls

## ***If You Receive Harassing Calls***

It is against the law to make obscene or threatening phone calls (see page 41 for penalties).

When you receive such a call, follow these steps:

- Hang Up at the 1st obscene word.
- Hang Up if you say "Hello" twice and get no response.
- Do not give personal information over the phone (name or address) unless you know the caller.
- Teach your children not to volunteer personal information or tell callers they are home alone.
- Immediately call law enforcement if you receive calls threatening injury to a person or damage to property.

### **To trace a harassing call:**

1. Hang Up.
2. Pick-up and listen for dial tone.
3. Dial \*57 (or 1157 on rotary).
4. Follow recorded message.
5. You will be notified if call can be traced.
6. If the trace was successful, the number is recorded at Spring Grove Communications office. Some calls cannot be traced.
7. Please notify our business office at 498-3456 if you have traced a call and need us to follow up with law enforcement on your behalf.

***If you have any questions,  
please call us at 498-3456.***

## ***If You Receive Unwanted Telemarketing***

Telemarketing is a common way for many businesses to reach their customers. Sometimes, this can be annoying. There are steps you can take to protect yourself and eliminate some of these calls.

- Inform the caller that you want to be placed on their "Do Not Call List." By law, that company should not call for one year.
- Hang up if the caller is rude or refuses to end the call after you have told them you are not interested.
- Report any company that uses questionable sales practices to the **MN Better Business Bureau at 1-800-646-6222 or the Minnesota Attorney General at 1-800-657-3787.**
- The federal government created the National Do Not Call Registry to make it easier and more efficient for you to stop getting most telemarketing sales calls. There are steps you can take to protect yourself and eliminate some of these calls.

To prevent companies from soliciting, you can register your phone number by calling the National Do Not Call Registry at 1-888-382-1222 (TTY 1-866-290-4236), from the number you wish to register. Registration is FREE and your number will stay in the registry until you remove it.

If you receive telemarketing calls 31 days after you registered your telephone number you can file a complaint at [www.donotcall.gov](http://www.donotcall.gov) or by calling 1-888-382-1222 (TTY 1-866-290-4236). You will have to know the company's name or phone number to file a "do not call" complaint.

***Spring Grove Communications offers  
Telemarketer Call Screening to  
help reduce unwanted calls.  
Call 498-3456 for more information.***

## Are you having trouble using the telephone due to a hearing or speech disability?

Minnesota Relay is a free telephone service that uses specially trained communications assistants to facilitate telephone calls between people with hearing and speech disabilities and other individuals. Calls can be made to anywhere in the world, 24 hours a day, 365 days a year. All calls are completely confidential. To make a relay call dial 7-1-1. Once connected to the relay service, tell the communications assistant the type of relay call you wish to make. Or, you may dial the specific toll-free number for the type of relay service.

**For More Information on Minnesota Relay Services**  
[www.mnrelay.org](http://www.mnrelay.org)  
1-800-657-3775

**Emergency Assistance**  
TTY callers should dial 9-1-1 directly in an emergency. All 9-1-1 centers are equipped to handle TTY calls. Minnesota Relay can process emergency calls, but this may delay the response to your call.

**To File a Complaint Regarding Minnesota Relay**  
1-800-657-3775  
Email: [mn.relay@state.mn.us](mailto:mn.relay@state.mn.us)

You will need to provide: the date and time of the relay call, the calling from and to phone numbers, the CA's identification number, and the nature of your complaint.

You may also file a complaint with the Federal Communications Commission  
[consumercomplaints.fcc.gov](http://consumercomplaints.fcc.gov)  
Voice: 1-888-225-5322  
TTY: 1-888-835-5322  
ASL via VP: 1-844-432-2275

### TELEPHONE EQUIPMENT DISTRIBUTION (TED) PROGRAM

The TED Program provides free specialized telecommunications equipment to income eligible Minnesotans who are having trouble using the telephone due to a hearing, speech, or physical disability.

[mn.gov/deaf-hard-of-hearing](http://mn.gov/deaf-hard-of-hearing)  
Voice: 1-800-657-3663  
ASL via VP: 651-964-1514

#### **Captioned Telephone Service (CTS)**

CTS uses a special telephone with a text display screen so that a person who is hard of hearing *can listen to and read captions* of everything the other person on the call says. You speak directly to the other person on the call, and a relay communications assistant transcribes everything the other person says into captions, which appear on the display screen of your CTS phone.

#### **Internet Protocol Captioned Telephone Service (IP CTS)**

Internet-based forms of CTS are available for those who would like to use CTS on a computer, tablet, or smartphone. Go to: <https://www.fcc.gov/ipcts>.

#### **Computer (ASCII): 1-800-627-3529**

Computer users can access Minnesota Relay. Set your communications software to the following protocols: speeds ranging from 300 to 2400; 8 Bits; No Parity; 1 Stop Bit; Full Duplex. When calling at a rate of 300 or below, follow the above using Half Duplex.

#### **Hearing Carry Over (HCO): 1-800-627-3529**

HCO allows a person who can hear clearly but who has very limited or no speech capability to make phone calls. Using a special text telephone, you type your conversation for the relay communications assistant to read to the other person, and listen directly to the other person's response.

#### **Hearing User: 1-800-627-3529**

A hearing person may use a standard telephone or mobile phone to place a relay call and speak with a person who is deaf, hard of hearing, or speech disabled.

#### **Internet Protocol (IP) Relay**

IP Relay combines text-based relay service with the ease of the Internet – no need for a TTY. You can make your relay call using a computer, laptop, tablet, or smartphone. Go to: <https://www.fcc.gov/ip-relay>.

#### **Spanish Relay: 1-877-627-5448**

Spanish speaking persons with a hearing or speech disability can make relay calls. This is not a translation service – both parties must speak Spanish, and at least one party must have a hearing or speech disability.

#### **Speech-to-Speech (STS): 1-877-627-3848**

STS allows a person who has difficulty speaking or being understood on the phone to communicate using his or her own voice or voice synthesizer. The communications assistant revoices your words so that the other person on the call can understand them, and the other person speaks directly to you.

#### **Text Telephone (TTY): 1-800-627-3529**

This service allows a person who is deaf, deafblind, or speech disabled to use a TTY to communicate with the other person on the call.

#### **Video Relay Service (VRS)**

VRS allows a person who uses American Sign Language (ASL) to communicate over the phone. The VRS user connects to the relay communications assistant via an internet-enabled device with a video camera. The communications assistant relays the conversation back and forth between the parties – in ASL with the VRS user and by voice with the called party. Go to: <https://www.fcc.gov/vrs>.

#### **Voice Carry Over (VCO): 1-877-627-3024**

VCO allows a person with a hearing disability, but who wants to use his or her own voice, to speak directly to the other party. The communications assistant then types the other party's response, which is displayed on the VCO user's text telephone.

1/2023

## Important Information Regarding Relay Iowa

### **Relay Iowa:**

Relay Iowa is a specialized service that guarantees all citizens access to prompt, professional and accurate communication through the telephone. Consumers of these specialized services, specifically individuals who are deaf, DeafBlind, hard of hearing or have difficulty speaking, can communicate on the telephone via TTY, Voice Carry Over (VCO), Hearing Carry Over (HCO), Speech-to-Speech (STS), Visually Assisted Speech-to-Speech (VA STS), Spanish and Captioned Telephone. This helps to ensure that they are able to connect with family, friends or businesses with ease.

### **Here's how Relay Iowa works:**

Dial 711 to connect with Relay Iowa. A specially trained operator, called a Communication Assistant (CA) will ask for the area code and the number of the person you wish to call and will begin relaying the conversation. Generally, the CA will voice the typed message from the text telephone (TTY) user to the person on the other end. The CA then relays the spoken words by typing them back to the TTY user. All calls are held strictly confidential.

### **Specialized Services:**

Relay Iowa offers specialized services for individuals who have difficulty speaking and for Spanish-speaking residents. Specially trained CAs are on hand to assist in these types of calls and may be reached by dialing 711. For a full list of Relay Iowa services offered and detailed instruction on how a particular call is processed, please visit [RelayIowa.com](http://RelayIowa.com) or contact Customer Care.

Captioned Telephone is also available and ideal for individuals with hearing loss who can speak for themselves. A captioned telephone works like any other telephone except for one important addition: it displays every word the other person says throughout the conversation. Captioned Telephone users can listen to the caller and read the captions on the display window of the captioned telephone.

### **Access to Services:**

711 provides toll-free relay calling. If you are experiencing trouble dialing 711 in an attempt to reach Relay Iowa, please contact Relay Iowa Customer Care. **Do not dial 711 for questions or concerns with your individual telephone service provider.**

All TRS and English Captioned Telephone services are available 24 hours a day, seven days a week. Spanish Captioned Telephone is available daily from 7:00 a.m. to 11:00 p.m. CST. Consumers may place relay calls to English-speaking and Spanish-speaking people within Iowa, across the United States and even internationally. By law, each conversation is handled with strict confidentiality.

Relay Iowa and the Iowa Equipment Distribution Program are both programs of the Iowa Utilities Board.

### **For questions or to place a call using Relay Iowa, dial 711**

#### **Relay Iowa Customer Care:**

1006 12th Street  
Aurora, NE 68818

[IARelay@HamiltonRelay.com](mailto:IARelay@HamiltonRelay.com)  
[RelayIowa.com](http://RelayIowa.com)

---

#### **Captioned Telephone**

**Customer Service:** 888-269-7477

**To call a Captioned Telephone user, dial:**

877-243-2823 English  
866-217-3362 Spanish

---

#### **Special points of interest:**

##### **Iowa Equipment Distribution Program**

The Iowa Equipment Distribution Program, called Telecommunications Access Iowa (TAI), helps pay for specialized equipment for residents of Iowa who are deaf, DeafBlind, hard of hearing or have difficulty speaking. Qualified individuals can receive a voucher for approximately 95% of the average cost of specialized telephone equipment. To apply online, go to: [www.teleiowa.com](http://www.teleiowa.com) or call 800-606-5099 (Voice/TTY).

##### **Emergency Calls**

**Please note that 711 can only be used to reach Relay Iowa. In an EMERGENCY you should**

**continue to use 911.** For emergencies, call 911 or your local emergency service TTY number directly. The Americans with Disabilities Act (ADA) requires that all 911 centers have a TTY and be prepared to handle emergency calls placed in this manner. Relay Iowa will make every effort to assist you during an emergency. However, it is important to understand that relay centers are **not** 911 centers and do not assume responsibility for emergency calls.

# INTERNET SAFETY

Parents should be aware of what their kids see and hear on the Internet, who they meet, and what they share about themselves. Talk with your kids, use tools to protect them, and keep an eye on their activities.

## ONLINE PROTECTION TOOLS

Online tools let you control your kids' access to adult material and help protect them from Internet predators. Many Internet service providers (ISPs) provide parent-control options. You can also get software that helps block access to sites and restricts personal information from being sent online. Other programs can monitor and track online activity.

## GETTING INVOLVED IN KIDS' ONLINE ACTIVITIES

More important than blocking objectionable material is teaching your kids safe and responsible online behavior, and keeping an eye on their Internet use.

### ***Basic guidelines to share with your kids for safe online use:***

- Never post or trade personal pictures.
- Never reveal personal information, such as address, phone number, or school name or location.
- Use only a screen name and don't share passwords (other than with parents).
- Never agree to get together in person with anyone met online without parent approval and/or supervision.
- Never respond to a threatening email, message, post, or text.
- Always tell a parent or other trusted adult about any communication or conversation that was scary or hurtful.

### ***Basic guidelines for parental supervision:***

- Spend time online together to teach your kids appropriate online behavior.
- Keep the computer in a common area where you can watch and monitor its use, not in individual bedrooms. Monitor any time spent on smartphones or tablets.
- Bookmark kids' favorite sites for easy access.
- Check your credit card and phone bills for unfamiliar account charges.
- Find out what, if any, online protection is offered by your child's school, after-school center, friends' homes, or any place where kids could use a computer without your supervision.
- Take your child seriously if he or she reports an uncomfortable online exchange.

---

Call the National Center for Missing and Exploited Children at (800) 843-5678 if you're aware of the sending, use, or viewing of child pornography online. Contact your local law enforcement agency or the FBI if your child has received child pornography via the Internet.

# FIRST AID INFORMATION

A well-stocked first aid kit with a manual is a necessity in every home. **You should keep one first aid kit in your home and one in each vehicle.** Also, be sure to bring a first aid kit on family vacations.

Choose containers for your kits that are roomy, durable, easy to carry, and simple to open. Plastic tackle boxes are ideal, since they're lightweight, have handles, and offer lots of space.

## INCLUDE THE FOLLOWING ITEMS IN EVERY FIRST AID KIT:

### Bandages & Gauzes

Sterile Gauze  
Adhesive Tape  
Adhesive Bandages  
Elastic Bandage  
Antiseptic Wipes  
Soap

### Medicines

Triple-Antibiotic Cream  
Antiseptic Solution H<sub>2</sub>O<sub>2</sub>  
Hydrocortisone Cream (1%)  
Anti-Inflammatory  
Pain Killers  
Calamine Lotion

### Medical Equipment

Tweezers  
Sharp Scissors  
Safety Pins  
Instant Cold Packs  
Alcohol Wipes  
Thermometer  
Plastic Gloves

**Additional Items:** Flashlight with extra batteries, a list of emergency numbers

## AFTER YOU'VE STOCKED YOUR FIRST AID KITS:

- Read the entire first aid manual so you'll understand how to use the contents of your kits. (If your kids are old enough to understand, review the manuals with them.)
- Store first aid kits in places that are out of children's reach but easily accessible for adults.
- Check the kits regularly. Replace missing items or medicines that may have expired.
- Check the flashlight batteries to make sure they work.
- If you're flying, be sure to pack the first aid kit in your checked luggage. Many of the items won't be permitted in your carry-on bags.

# POISONING

## Signs & Symptoms

- drowsiness
- a confused mental state
- excessive drooling
- unusual odor
- sudden change in behavior
- vomiting
- pill fragments on the lips or clothes
- listlessness

## WHAT TO DO

*If you suspect that a child has taken a poison and he or she is alert, contact your local poison control center right away for advice: 1-800-222-1222.*

## Seek Emergency Medical Care or Call 911 If...

- The child has taken a poison and has a change in mental state. It's important to remember to bring in the specific container or bottle of the substance the child ingested. **Do not give a child ipecac.**

## Think Prevention!

Help prevent poisoning by:

- discarding used button cell batteries (like those used in watches) safely and storing any unused ones far from children's reach
- keeping alcohol and cleaning products far out of children's reach or locked in cabinets
- keeping medications in locked cabinets
- never telling a child medicine tastes like candy
- never putting cleaning products in containers that were once used for drink or food
- never putting insect poison on the floor

**Note:** All information is for educational purposes only. For specific medical advice, diagnoses, or treatment, please consult a doctor. Review this with a doctor prior to use.

# INTERNET SAFETY

Parents should be aware of what their kids see and hear on the Internet, who they meet, and what they share about themselves. Talk with your kids, use tools to protect them, and keep an eye on their activities.

## ONLINE PROTECTION TOOLS

Online tools let you control your kids' access to adult material and help protect them from Internet predators. Many Internet service providers (ISPs) provide parent-control options. You can also get software that helps block access to sites and restricts personal information from being sent online. Other programs can monitor and track online activity.

## GETTING INVOLVED IN KIDS' ONLINE ACTIVITIES

More important than blocking objectionable material is teaching your kids safe and responsible online behavior, and keeping an eye on their Internet use.

### ***Basic guidelines to share with your kids for safe online use:***

- Never post or trade personal pictures.
- Never reveal personal information, such as address, phone number, or school name or location.
- Use only a screen name and don't share passwords (other than with parents).
- Never agree to get together in person with anyone met online without parent approval and/or supervision.
- Never respond to a threatening email, message, post, or text.
- Always tell a parent or other trusted adult about any communication or conversation that was scary or hurtful.

### ***Basic guidelines for parental supervision:***

- Spend time online together to teach your kids appropriate online behavior.
- Keep the computer in a common area where you can watch and monitor its use, not in individual bedrooms. Monitor any time spent on smartphones or tablets.
- Bookmark kids' favorite sites for easy access.
- Check your credit card and phone bills for unfamiliar account charges.
- Find out what, if any, online protection is offered by your child's school, after-school center, friends' homes, or any place where kids could use a computer without your supervision.
- Take your child seriously if he or she reports an uncomfortable online exchange.

---

Call the National Center for Missing and Exploited Children at (800) 843-5678 if you're aware of the sending, use, or viewing of child pornography online. Contact your local law enforcement agency or the FBI if your child has received child pornography via the Internet.

# FIRST AID INFORMATION

A well-stocked first aid kit with a manual is a necessity in every home. **You should keep one first aid kit in your home and one in each vehicle.** Also, be sure to bring a first aid kit on family vacations.

Choose containers for your kits that are roomy, durable, easy to carry, and simple to open. Plastic tackle boxes are ideal, since they're lightweight, have handles, and offer lots of space.

## INCLUDE THE FOLLOWING ITEMS IN EVERY FIRST AID KIT:

### Bandages & Gauzes

Sterile Gauze  
Adhesive Tape  
Adhesive Bandages  
Elastic Bandage  
Antiseptic Wipes  
Soap

### Medicines

Triple-Antibiotic Cream  
Antiseptic Solution H<sub>2</sub>O<sub>2</sub>  
Hydrocortisone Cream (1%)  
Anti-Inflammatory  
Pain Killers  
Calamine Lotion

### Medical Equipment

Tweezers  
Sharp Scissors  
Safety Pins  
Instant Cold Packs  
Alcohol Wipes  
Thermometer  
Plastic Gloves

**Additional Items:** Flashlight with extra batteries, a list of emergency numbers

## AFTER YOU'VE STOCKED YOUR FIRST AID KITS:

- Read the entire first aid manual so you'll understand how to use the contents of your kits. (If your kids are old enough to understand, review the manuals with them.)
- Store first aid kits in places that are out of children's reach but easily accessible for adults.
- Check the kits regularly. Replace missing items or medicines that may have expired.
- Check the flashlight batteries to make sure they work.
- If you're flying, be sure to pack the first aid kit in your checked luggage. Many of the items won't be permitted in your carry-on bags.

# POISONING

## Signs & Symptoms

- drowsiness
- a confused mental state
- excessive drooling
- unusual odor
- sudden change in behavior
- vomiting
- pill fragments on the lips or clothes
- listlessness

## WHAT TO DO

*If you suspect that a child has taken a poison and he or she is alert, contact your local poison control center right away for advice: 1-800-222-1222.*

## Seek Emergency Medical Care or Call 911 If...

- The child has taken a poison and has a change in mental state. It's important to remember to bring in the specific container or bottle of the substance the child ingested. **Do not give a child ipecac.**

## Think Prevention!

Help prevent poisoning by:

- discarding used button cell batteries (like those used in watches) safely and storing any unused ones far from children's reach
- keeping alcohol and cleaning products far out of children's reach or locked in cabinets
- keeping medications in locked cabinets
- never telling a child medicine tastes like candy
- never putting cleaning products in containers that were once used for drink or food
- never putting insect poison on the floor

**please  
listen  
BEFORE  
you  
dig**

*There may be  
people talking  
down there!*

Farfetched? Certainly. But, we're sure you dig the idea. There may be an underground cable smack in the middle of the spot where you're planning to dig.
