News from your local coop to keep you connected.

March 2023

2023 VIRUTAL ANNUAL MEETING

TUESDAY, MARCH 28 @ 7:00 PM

The Annual Membership Meeting of Spring Grove Communications will be held Tuesday, March 28th at 7:00pm via Zoom. In early March you will receive a packet of information which will include instructions on how to join the meeting, a ballot to vote for director positions up for election, and a return envelope for the ballot. Please update your most current email address on the RSVP form - this is where the link for the Zoom meeting will be sent to. We look forward to connecting with you and sharing information from your cooperative over the past year!

**THERE WILL
BE CHANCES
TO WIN
PRIZES!**

CAPITAL CREDITS

It is almost time for capital credit checks to be sent out! Don't forget that you can have this check applied right to your bill. One less payment to worry about for a few months! Give us a call if you would like this done. You will still receive your monthly bill showing the credit balance remaining on your account.

AFFORDABLE CONNECTIVITY PROGRAM

The Affordable Connectivity Program is a Federal Communications Commission program that helps connect families and households struggling to afford internet service. This benefit provides a discount of up to \$30 per month toward broadband service for eligible households.

Eligible households can enroll through Spring Grove Communications or directly with the Universal Service Administrative Company (USAC) using an online or mail in application. You can learn more about the benefit, including eligibility and enrollment information, by visiting our website www.yourlocal.coop or by calling the ACP support center at 877-384-2575.

Spring is a great time to do cleaning around your house, but don't forget about your devices too!

Here is a list of some things to check and clean up:

- Your email mailbox
- Your web browser and cache
- Check for any available software updates
- Backup important data
- Remove unneeded programs, files and documents
- Do a thorough virus & malware check

Schedule Your Spring Cleaning Today!

CALL 811 BEFORE YOU DIG!

Digging without knowing the approximate location of underground utilities can result in damage to gas, electric, communications, water and sewer lines which can lead to service disruptions, injuries, and costly repairs. **Always call before you dig!**
