COMMUNITY APPRECIATION EVENT

Come and meet your local technology experts at our Community Appreciation Event Tuesday, June 6th from 4-7pm at the Spring Grove Fest Building! Our focus this year is internet security, which is becoming increasingly important. We will have our team there demonstrating many of the products and services we offer-- including some exciting new services-- and how they can keep you protected. We will also have games, prizes, and food! This event is open to everyone and you can come and go as you please. We hope to see you there!
